VOL. XVIII—NO. 124 THE MORNING STAR, WILMINGTON, N. C., TUESDAY. SEPTEMBER 11, 1906. WHOLE NUMBER 120010.

...NES.

Secretary of ... ...oot arrived in Lima, Peru, yeste...y and was given an enthusiastic greeting by officials and people; the President of Peru gave him a banquet last night—President Roosevelt and Governor Higgins, of New York, had a conference at Oyster Bay yesterday concerning State politics, but neither would tell what it was all about——The government crop report issued yesterday states that the condition of the cotton crop is 77.3, a reduction from 82.9 in the last 30 days——The Chamber of Commerce of Columbia decided yesterday to give Hon. and Mrs. W. J. Bryan a State recepiton, with Democrats from every county in the State on the reception committee——At Siedlce, Russian Poland, on Saturday, Sunday and Monday hundred of Jews and other people were slaughtered by troops in revenge for murder of soldiers by terrorists; at last accounts massacre and looting continues——The Republicans carried Maine yesterday by only 8,000 plurality, the smallest vote ever cast by the party——The government has entered suit against the Utah Fuel Company for securing 30,000 acres of coal lands by fraud——Col. E. A. Garlington, a native of South Carolina, has been made a brigadier general and promoted to Inspector General of the Army——New York markets: Money on call strong, 5 to 12 per cent., ruling rate 9, closing bid 9, offered at 12; spot cotton quiet, 9.80; flour quiet and easier; wheat easy, No. 2 red, 75 5-8 elevator; corn easy, No. 2, 57 elevator; oats steady, mixed, 35 1-2; turpentine firm, 65 to 65 1-2; rosin steady, strained common to good, 4.05 to 4.15.

Probably President Palma never heard of that fine old slogan, "In time of peace prepare for war."

All women are terribly down on smoking when they find out that what a man spends in one year for cigars would buy a diamond ring, a set of furs and a tailor-made gown.

Most women cannot be made to understand how Mrs. Roosevelt can stand for President Roosevelt when he meets up with one of his rough riders and drags him home to dinner.

So far as heard from the executors of the will of Russell Sage have not been pestered by any pretty chorus girl who sets up a claim that the old man had entirely overlooked her.

"The earth is a pretty big place," remarks the Savannah Morning News. Still there are plenty of men willing enough to go into any sort of a combine if they thought they could own the earth.

Secretary Shaw is going around criticising Bryan's Madison Square Garden speech, just as if people don't have to stuff their handkerchiefs in their mouths to keep from laughing at Shaw's campaign speeches.

Chairman Sherman of the Republican Congressional Committee, rushed into print to give publicity to the dollar subscription made by National Republican Chairman Cortelyou to the campaign fund. N. B.—National Chairman Cortelyou still refrains from being mixed up in any alacrity to give publicity to the big subscriptions to the Roosevelt campaign fund by the trusts.

The leaders of the Cuban insurgents are mad because they couldn't have any control over the government. It is strange how those Cubans want to fight instead of organizing a few trusts and monopolies and thus control the government without bloodshed. Some Cubans never could learn anything, even though they could easily come to the United States and pick up information of immense value to them.

There were persistent rumors that State Senator Michael J. Coffee, of New York, had an organic disease and his death was expected at any time by his friends. He denied it and in wrath declared that he would lick any man who put out such a damaging report. If there is anything that makes a politician hopping mad it is for somebody to go around during a campaign creating the impression that he is not healthy enough to hold any office in the whole list.

AS TO WATERWORKS

Two Decisive Propositions Before Aldermen at Their Special Meeting.

STOP PAYMENT OF BILLS

Contingencies That Might Arise Caused Reconsideration of Drastic Measure That Was Originally Carried—Water Commission.

The local water works situation with its possible bearing upon the municipal ownership proposition was again vividly brought to the forefront in two communications presented by Alderman Johnson to the special meeting of the Board of Aldermen last night. One was a formal report from the Water Committee of the Board of Aldermen, officially declaring the present contract with the Clarendon Water Works Company null and void and recommending that all payments by the city for the service be stopped and the other purported to be a tentative report from the Water Commission virtually declaring all negotiations with the present company off and providing for the initiatory steps toward an entirely new plant. Neither was adopted without qualification by a vote of the Board. As to the Commission's report, it was decided to ask officials of the Clarendon Water Company to come before the Board and outline upon what equitable terms they were willing to sell to the city and as to the report of the Committee, it was only directed that the company be put on official notice that it is not complying with its contract with the city.

The matter was brought up rather late in the meeting when the Board was in no humor for any further lengthy discussion upon any subject. Chairman Johnson first read the Committee's report as follows:

To the Honorable Mayor and Board of Aldermen of the City of Wilmington, N. C.:

Your committee on Water Works reports it has had tests made as to the pressure as maintained by the Clarendon Water Works Company in various portions of the city from five hydrants, at the same time, and at no hydrant did they reach 100 feet, the height called for in their contract.

These tests were made in the presence of several citizens and Chief of Fire Department Schnibben.

... several tests made by the State chemist of the hydrant water of the Clarendon Water Works Company, and it is reported as poor water. We attach the analysis to this report.

Your committee report that the Clarendon Water Works Company have not for a long time past and is not now complying with their contract with the city as to quality of water or as to fire pressure, so under existing circumstances we recommend that no further bill of this company be paid.

We recommend that a copy of this report be sent to the said company at once with the seal of the city attached.

Respectfully submitted,
E. F. JOHNSON,
R. W. PRICE,
J. O. BROWN,
Committee.

The Mayor asked Mr. Johnson if the payments for the service were stopped, would not the company shut off the water supply. Alderman Brown was quickly on his feet and said he did not mean to sign a report stopping payments until the city had water of its own. Mr. Brown spoke heatedly of his opinion on the matter, saying that as long as the muddy water was coming and it was the best they could get, he was in favor of having it and paying for it. You could not expect the company to furnish a service, however bad, and then refuse to pay for it.

Aldermen W. E. Yopp moved to adopt the report; seconded by Mr. Johnson. The report was adopted, Aldermen Johnson, Price, Rathjen and the Messrs. Yopp voting in the affirmative. City Attorney Bellamy, after the motion was carried, sounded a note of warning that the city was treading on dangerous ground.

Aldermen Rathjen moved for a reconsideration. Mr. Johnson spoke further and said he was not averse to referring the matter, but the company could be restrained from shutting off the water. It had been held in Charlotte that the water works company could not cut off the water. City Attorney Bellamy said he couldn't find that decision.

Mr. Rathjen's motion to reconsider

Concluded on Page Four.

MAN DISAPPEARED

Marcus W. Nichols, Carpenter at Atlantic Coast Line Shops, Missing From His Home In This City Since Last Friday.

Mr. Marcus W. Nichols, 34 years of age, an employe of the carpenter shops of the Atlantic Coast Line in this city, disappeared from his home, No. 311 Hanover street, last Friday just after dinner and has not been seen or heard of since. Owing to the feeble condition of the man's health and a suspicion for some time that his mind has been affected, his wife has every reason to believe that some ill has befallen him and that she may never again see him alive.

When Mr. Nichols left home he told Mrs. Nichols that he would walk down town and during the afternoon would go by the pay car and receive his wages on the railroad yards, returning in the evening. He was seen by several at the pay car but that is the last authentic account that his family has of him though the police have been on the look out and every effort has been exhausted by the wife and her friends to find trace of the husband. There was a report that he had left on the evening train Saturday either for Norfolk or Elm City, his former home, but reports from his home folks near Elm City are to the effect that he has not been there. Mrs. Nichols fears that in his weakened mental condition that her husband has committed suicide though his domestic life would give no grounds for that suspicion. He lived happily with his wife and one little son, about two years old. These are the only relatives he has in Wilmington, where he is very well known, having resided here for several years.

Any information as to the whereabouts of her husband would be thankfully received either by the wife or at the police station. He is about 5 feet, 2 inches tall; weighs about 120 pounds, has large dark brown eyes, coal black hair, dark brown moustache and went off in his working clothes.

Checks Numbered "23."

A dispatch from Newport, R. I., to the New York Herald says: "Master Pembroke Jones, Jr., is developing into quite a humorist. Recently he has been provided with his own funds and a check book. Those with whom the boy does business have observed his evident attention to details, but it has been noted that all his checks are numbered 23. When asked about the matter to-day he remarked that twenty-three was the only appropriate number for a check after all. It meant 'It goes,' just as money usual does. Master Jones gave a party for some of his juvenile friends at the Brekeley this morning."

Mr. D. B. McLean, of Raeford, Dead.

Rev. J. A Smith, of this city, yesterday received a telegram from Raeford, N. C., announcing the sudden death of his brother-in-law, Mr. D. B. McLean, a prominent merchant and citizen of that town. Mr. McLean was a gallant soldier during the Civil War and was wounded at the battle of Fredericksburg. He was sergeant-major of the 24th. regiment and was later elected a lieutenant in one of the companies, finally becoming adjutant of the regiment. He leaves a wife, three sons and a large number of friends and comrades to mourn their loss. The funeral will be conducted at Raeford, this afternoon at 3 o'clock.

Lumber Steamer Disabled.

Word reached the city yesterday that the American steamer Richmond, Capt. Fickett, belonging to the Atlantic Coast Lumber Company, of Georgetown, S. C., and bound from that port to New York, was anchored to the northward of Frying Pan Lightship, her machinery disabled. The tug Blanche went out in the afternoon to her assistance but the lumber company's own tug, the Arrington, had reached her in the meantime and towed her to the bar at Southport. It is expected that later she will be towed in and make repairs here or will be towed by the tug back to Georgetown for repairs.

Water Wagon Driver Fined.

C. L. Mason, driver of the city water wagon who was arrested Saturday at Front and Princess streets because he was too drunk to control his vehicle, was fined $10 and costs in the police court yesterday. He was given time to pay his fine Later he tendered his resignation to the Streets and Wharves Committee as an employe in that department and the same was accepted without question to take effect at once. Other cases in the police court yesterday were of no special interest.

A LENGTHY SESSION

Board of Aldermen Made Almost a Night of It at Special Meeting.

TERMINALS TO PROCEED

Petition of Mr. Hutaff For Opening Street Not Granted—A. W. Branch Given License—Reservoir For Gas Company—Naval Reserves.

The special meeting of the Board of Aldermen last night continued until nearly 12 o'clock and was one of the most interesting sessions held in some months. There were in attendance a large number of interested spectators, who lingered almost to the last. Matters were taken up one at a time and threshed out in the good old-fashioned way. The license of A. W. Branch, trading as the Morris Distilling Co., which was held up at the last meeting, was passed in a jiffy; it was decided to allow the Atlantic Coast Line to proceed without interruption with its terminals in the northeastern section of the city; two reports were heard on the water works situation and no definite action was taken on either; the Consolidated Company was given permission to build its gas holder in the southern part of the city and various other minor matters of business were transacted, the discussion on several of the topics being lengthy and at times heated:

The Board was called to order shortly after 8 o'clock and all members were noted in attendance except Alderman W. W. King, who came in later. Mayor Pro Tem. O'Brien presided in the absence of Mayor Waddell.

The application of A. W. Branch, trading as the Morris Distilling Company, was read, duly approved, as amended, by the standing committee on Applications, composed of Aldermen Moore in place of Alderman O'Brien, who asked to be excused, Alderman W. H. Yopp and Alderman J. O. Brown. Brooke G. Empie, Esq., counsel for Albert Rothschild and others in opposition to the license, asked and was granted permission to be heard He laid emphasis on the oath taken by an Alderman and urged that the law had not been complied with either as to the person or as to 30 days advertisement. The City Attorney interrupted to say that while the law required 30 days notice by posting, it did not require 30 days in a newspaper. The law was read and Mr. Empie admitted that there might be a difference of opinion on that point, but that he still held 30 days notice in a newspaper was required. Mr. Empie spoke at length and was interrupted frequently by Mr. Moore, a hot colloquy having ensued between the two before the discussion was over. The question was finally called and the license was granted unanimously. During the progress of the colloquy between Mr. Empie and Mr. Moore, the later charged that Mr. Empie was representing a client whose application had been granted under the same circumstances as those upon which he was now clamoring to have A. W. Branch and the Morris Distilling Company barred out and he, for one, would vote to revoke the license of Rothschild & Co., until the names of that firm were certified to. Mr. Brown spoke up and said: "Me too." The vote was then called and the license of A. W. Branch was granted without objection.

Upon recommendation of the Finance Committee and opinion by the City Attorney, the application of W. H. Atkinson for refund of poll tax, was not granted. Mr. Atkinson is the gentlemen who appeared before the Board at the last meeting and claimed that he was a resident of Georgia as much so as Mr. Hugh MacRae is a resident of Washington, D. C., and should not be indicted for non-payment of taxes any more than Mr. MacRae. Chairman Yopp, of the Finance Committee, read the section of the Revenue and Machinery Act, with reference to residence and stated that it was a question as to Mr. MacRae's liability while there was none as to Mr. Atkinson, who had lived here most of the time for four years.

The railway terminal matter was next taken up and petitions were read from Messrs. G. H. and C. D. Hutaff, opposing the terminals and threatening suit unless the railroad company was prevented from completing the yard; from General Manager W. N. Royall, of the Atlantic Coast Line, giving data as to the ownership of the property and extent of the proposed improvement, and from merchants and business men on the wharf, asking that the railroad company be in no wise hampered in its effort to provide the city with ample shipping facilities. The latter petition was signed by nearly every prominent wholesale merchant on the wharf. Another petition was read from citizens in support of Mr. Hutaff's contention. Mr. Price asked how many signers of the latter petition owned property east of Ninth street. No one could reply. Mr. Price moved that the petition of Mr. Hutaff be not allowed on the ground that the city has no money to pay for the condemnation of property and opening of streets, even if there was a necessity for it. Alderman W. H. Yopp seconded the motion of Mr. Price, who saw no reason for opening up a street that leads to nowhere. He spoke of the conditions out there and elsewhere in the city. Alderman Rathjen moved that counsel for Mr. Hutaff be heard. Alderman Johnson said he had been out to see the property and could not see how the city could pay out $25,000 or $50,000 for the opening of a street for which there was no urgent demand.

Marsden Belamy, Esq., counsel for Mr. Hutaff, was heard and made the sensational statement that the Board was sitting idly by and giving the Atlantic Coast Line possession of all that part of the town lying north of the Wilmington and Weldon railroad. It was a valuable franchise about to be given away. He felt it his duty to sound a note of warning. The railroad can at least give a roadway across these yards. The streets were marked there, notwithstanding the fact that the Coast Line claimed it all. Let them build the yards and lay the tracks, but require the railroad to recognize the streets and to macadam the roadways.

Mr. Junius Davis was heard in behalf of the railroad. The A. C. L. was not asking permission of the city to lay tracks on the railroad's own property. Mr. Hutaff was asking the city to condemn and open a street across the railroad's property. Mr. Bellamy had confused the issue. It looked as if Mr. Hutaff was trying to block progress in the city of Wilmington. Why had Mr. Hutaff not made application for the opening of that street before? Mr. Davis said not one single good reason could be advanced for granting Mr. Hutaff's petition.

T. W. Davis, Esq., next addressed the Board in behalf of the railroad and set out that Mr. Hutaff's proposition was preposterous. His place was valued on the tax books for 1906 at $210, yet he asked the city to condemn property worth $50,000 in order to give him a roadway across the property. Mr. Davis further argued that before the city could condemn property and open streets, the necessity must be shown. In this case the necessity had not been shown. There was not a single resident in that section and Mr. Davis said the railroad

Concluded on Page Five.

VIGOROUS CAMPAIGN

Hon. H. L. Godwin, Democratic Nominee For Congress, Here For Conference With Committee Chairman Bellamy.

Hon. Hanibal L. Godwin, Democratic nominee for Congress in this district, left yesterday for Lumberton and Red Springs, in Robeson county, after a very satisfactory conference in this city with Chairman George H. Bellamy, of the Congressional Executive Committee. Mr. Godwin expressed himself in every way pleased with the outlook and has decided to institute at once a vigorous campaign to roll up as large a majority as possible for the ticket. He will speak in every county in the district before the election and will denounce from every stump in the district malicious lies that the Republicans have already begun to circulate to the detriment of Mr. Godwin and the party in the sixth. His first speech will be with Mr. N. A. Sinclair, nominee for solicitor in the Seventh District, on Monday of court week at Southport on the 26th. Inst. Messrs. Brown, Paterson and Cook, who were Mr. Godwin's opponents at the Fayetteville convention, have each volunteered their services in Mr. Godwin's behalf and will make four or five speeches in the several counties embraced in the district.

Mr. Godwin authorizes Mr. Bellamy, chairman of the committee, to accept any challenge that Mr. Schulken, the Republican nominee, may make for a joint canvass of the district, and Mr. Bellamy says that the wishes of Mr. Godwin will be respected in this matter should a challenge be received. Mr. Godwin saw a number of his friends in Wilmington while here and received every encouragement from them.

JAIL WITHOUT BOND

William McCartney, of Wilmington, Charged With Murder of His Wife at Newbern.

IN HOUSE OF ILL REPUTE

Disgraceful Affair in Which Young Man of Good Parentage, Unfortunately Married, Figures in Neighboring City.

(Special Star Telegram.)

Newbern, Sept. 10.—Georgia McCartney, a white woman aged 24, was shot by her husband, William Manson McCartney, early Sunday morning. The circumstances of the affair indicate murder, but McCartney insists that the shooting was accidental. He says that he took the pistol, which was of the modern hammerless kind, and was carelessly playing with it. His wife was standing by him when the weapon was discharged, the ball entering her right eye and lodging in the brain, the woman dying in two hours.

The affair occurred in a house of alleged ill-fame and was witnessed by two or three inmates. McCartney came to Newbern from Wilmington to work as a tinner. His wife preceded him two weeks. She is said to have come from Johnson City, Tenn., and is 24 years of age. She was married to McCartney in Wilmington about a year ago. The inquest yesterday had to be adjourned on account of the disappearance of the principal witness soon after the shooting.

The developments in the case today seems to indicate that murder was committed.

The principal witness, Pat Barry, was found and appeared before the coroner's jury. He testified that he was with the woman Saturday night and that McCartney and the woman had a dispute. McCartney was not jealous but wanted the woman to divide or give him all of her earnings.

McCartney told the jury that he paid their expenses but the evidence all showed that the woman paid it. McCartney was held for trial at the Superior Court without bail.

His father, Robert McCartney, of Wilmington, arrived to-night and is distressed to death at the act of his wayward son.

Fred Hill Declared Insane.

Fred Hill, the negro lunatic who has been the terror of Federal Point township for some time and who was captured by the officers on Friday of last week, was examined by a commission of lunacy yesterday and declared a fit subject for the State hospital for the colored insane at Goldsboro to which he will be sent as soon as the arrangements can be made. The commission was composed of Deputy Clerk of the Court W. N. Harriss, Dr. W. D. McMillan and Justice G. W. Bornemann.

Missing Cashier Located.

Yesterday afternoon's Fayetteville Observer says: "Mr. Willie A. Jones, cashier of the Bank of Hope Mills, who so mysteriously disappeared last Saturday a week ago, has at last been found. He is at Crews, Va., working in the dispatcher's office of the Norfolk & Western railroad. It seems that he was an old telegraph operator. Why he left his position at Hope Mills so suddenly has not yet been explained."

Married Sunday Morning.

Col. Joseph Ross Albrook, a prominent merchant of Sanford, S. C., and Miss Sallie B. Cobb, of Reidsville, N. C., were married in this city Sunday morning by the Rev. Fred. D. Hale, D. D., pastor of the First Baptist church, in the presence of a few friends. They were guests at The Orton until yesterday morning when they left for their home.

The Morning Star.

Founded In 1867.

WILLIAM H. BERNARD, Owner and Editor.

WILMINGTON. N. C.

Tuesday Morning, Sept. 11.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

PUBLISHER'S ANNOUNCEMENT.

THE MORNING STAR, the oldest daily paper in North Carolina, is published daily except Monday, $5.00 a year, $2.50 for six months, $1.25 for three months, 50 cents for one month to mail subscribers. Delivered to city subscribers at the rate of 45 cents per month for any period from one month to one year.

ADVERTISING RATES (DAILY)—One inch, one day, $1.00; two days, $1.50; three days, $2.00; four days, $2.50; five days, $3.00; one week, $3.50; two weeks, $6.50; three weeks, $8.50; one month, $10.00; two months, $17.00; three months, $24.00; six months, $40.00; twelve months, $60.00. Twelve lines of solid Nonpariel type make one inch.

THE WEEKLY STAR is published every Friday morning at $1.00 per year, 60 cents for six months, 30 cents for three months.

All announcements of Fairs, Festivals, Balls, Hops, Picnics, Society Meetings, Political meetings, etc., will be charged regular advertising rates.

Advertisements discontinued before the time contracted for has expired, charged transient rates for time actualy published.

No advertisements inserted in Local Columns at any rate.

All announcements and recommendations of candidates for office, whether in the shape of communications or otherwise, will be charged as advertisements.

Payments for transient advertisements must be made in advance. Known parties, or strangers with proper reference, may pay monthly or quarterly, according to contract.

Remittances must be made by Check, Draft, Postal Money Order, Express or in Registered Letter. Only such remittances will be at the risk of the publisher.

Communications, unless they contain important news or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected if the real name of the author is withheld.

Notices of Marriage or Death, Tributes of Respect, Resolutions of Thanks, etc., are charged for as ordinary advertisements, but only half rates when paid for strictly in advance. At this rate 50 cents will pay for a simple announcement of Marriage or Death

Advertisements inserted once a week in Daily will be charged $1.00 per inch for each insertion. Every other day, three-fourths of daily rate. Twice a week, two-thirds of daily rate.

Contract advertisers will not be allowed to exceed their space or advertise anything foreign to their regular business without extra charge at transient rates.

Avertisements kept under the head of "New Advertisements" will be charged fifty per cent. extra.

Advertisements to follow reading matter, or to occupy any special place, will be charged extra according to the position desired.

DEMOCRATIC TICKET.

For Representative in Congress—Sixth District: Hannibal L. Godwin, of Harnett.

For Corporation Commissioner: Franklin McNeill, of Wake.

For Judge Superior Court—Fifth District: Oliver H. Allen, of Lenoir.

For Solicitor Fifth District: Rodolph Duffy, of Onslow.

THE LAST COTTON YEAR.

The Financial Chronicle, of New York, makes an interesting annual statement of the production and consumption of cotton and the movement of the supply of cotton during the crop and market year which ended September 1st. The statement is specially interesting because of the adjustment it exhibits between a year of large production and the succeeding one of moderate production in this country, which furnishes about three-fourths of the world's supply, taking one year with another. The world's production in 1904-5 was 17,944,056 bales of 500 pounds, of which the United States supplied 13,420,440, and last year the total was 15,820,000 bales, of which 11,048,000 were American cotton. Notwithstanding this there was an increased consumption made possible by carying over a liberal surplus of one crop to supply the deficiency of the next. The consumption for 1904-5 was 15,541,667 bales, and last year 16,395,228. In the former year production exceeded consumption by 2,402,389 bales and last year fell short of it by 575,228; but, even so, the visible supply remaining at its close was larger than the average. The difference in volume of production between the years is more than accounted for by the variation in the American crop, which is the controlling factor.

The increase in consumption between the two years runs fairly evenly between manufacturing countries. In Great Britain it was from 3,260,000 bales to 3,848,000; on the Continent of Europe from 5,148,000 to 5,252,000; in the Northern United States from 2,193,937 to 2,439,993, and in the Southern States from 2,116,318 to 2,286,235, or from 4,310,255 to 4,726,228 for the whole country; and from 2,428,412 to 2,529,000 for the East Indies, Japan, Canada and Mexico, leaving only 35,000 to 40,000 bales to be scattered among other countries. In connection with this increase in the consumption of raw cotton by manufacturers it is interesting to note the comparison with it of the appliances of manufacture, as denoted by the number of spindles in operation. In Great Britain this incerased from 48,500,000 to 50,000,000, on the Continent from 35,000,000 to 35,500,000, in the Northern United States from 15,325,000 to 15,600,000, in the Southern States from 8,747,810 to 9, 181,207, or 24,072,810 to 24,781,207 for the whole country. For the world, including Japan, China, Canada, Mexico and all the rest, the increase was from 116,168,790 to 119,006,207. It will be observed that while Great Britain uses much less of the raw material than the continental countries it employs nearly one-half more spindles, and while it uses considerably less cotton than the United States, it has twice as many spindles. In a measure this is due to exporting yarn, as well as completed fabrics, but in a much larger measure it is accounted for by the higher and finer grade of fabrics produced. More labor and skill and improved machinery, and less raw material, is used in proportion to the value of product. In a less degree the same difference is seen between Northern and Southern manufacturing in this country.

According to a bulletin isued by the New York Cotton Exchange North Carolina leads all Southern States in the consumption of cotton by her own cotton mills. Last year South Carolina lead with a consumption of 708,835 bales while North Carolina came next with 611,824. For the year just ended North Carolina mills consumed 677,146 bales against 671,236 for South Carolina.

BE FAIR TO BRYAN.

This is from the Washington Post:

"It will be observed that Mr. Taft explains that the tariff reform he preaches is his individual opinion, from which we argue that Mr. Taft has some acquaintance with Nelson W. Aldrich, Joseph G. Cannon, Eugene Hale, and John Dalzell. When a stand-pat Congress reforms the tariff downward, then we'll harvest ice in June and pluck roses in December in this good town of Washington, D. C."

The Post is fair, conservative and independent. But why does it not give Mr. Bryan the benefit of his disclaimer just as it has given Secretary Taft the benefit of his? On the question of government ownership Mr. Bryan declared explicitly that he was only expressing his individual views. He even expressed doubt that his own party favored it; and he must see now that a great majority of his most devoted followers do not indorse that feature of his speech. True, Mr. Bryan thinks that government ownership will come; but, with equal emphasis, Mr. Taft says tariff revision must come.

The Post argues that a "stand-pat" Congress will never "reform the tariff downward." With equal propriety we may contend that a Democratic Congress will never favor government ownership of railroads unless all efforts to control these corporations fail.

It is hardly fair to assume, as the Post does, that Bryan is the Democratic party; that he is the platform—presumably, because the national convention of his party yielded to his importunities in 1900. By 1908 Mr. Bryan will have learned that, while he may secure the nomination, he cannot make the platform.

MORE ROADS FOR MECKLENBURG

The Richmond Times-Dispatch makes this comment:

"Mecklenburg county, N. C., enjoys the reputation of having the finest country roads in the South, and much of the work has been done by convict labor. But the people are not satisfied. They want the mileage extended, and the county commissioners have ordered an election on the issue of $200,000 of bonds. The proceeds of the sale of these bonds, if they are voted, are to be used in extending the principal macadam roads to the county lines, for the extension of other roads, and to pay off the floating debt. The Charlotte Observer urges the taxpayers to vote for the bond issue."

Charlotte and Mecklenburg have been getting a big advertisement about those good roads. They have paid as an advertisement, as a means of transporting the products of the country to the city, and as a factor in building up a city of which any State would be proud. The fact that Mecklenburg wants to go deeper in debt to build good roads is evidence that they pay and is a healthy example for other counties to follow.

New Hanover county knows the value of good roads, and the good work will go on.

To Remove Freckles & Pimples in Ten Days, Use Nadinola

A new discovery, sold under a positive guarantee and money refunded in every case where it fails to remove freckles, pimples, liver-spots, sun-tan, sallowness, collar discolorations, blackheads and all eruptions of the skin, no matter of how long standing. Cures ordinary cases in 10 days, and the worst in 20 days. After these defects are removed the skin will be clear, soft, healthy and beautiful. No possible harm can result from its use. 50 cents and $1.00 at leading drug stores or by mail.

MAN WHO DRINKS IS NOT WANTED

Liquor Disease Destroys Skill and Genius, But Keeley Treatment Will Permanently Cure Appetite For Whiskey.

The Keeley Institute, Greensboro, N. C.:

The man who drinks is not wanted in any responsible position in life. It is become to be understood that the man who drinks will sometimes drink to excess, and often when the greatest emergency is presented.

To-day there is a large percentage of the most efficient genius and skill that is being ruined by the use of habitual drink. These poor but splendid men are slaves, to their own astonishment, and still the demon is continuing to fasten his unyielding fangs into their very vitals. Many of them wish to stop and get free again, but the power of resistance is overcome, and naught but wreck and ruin stare them in the face, and horror is depicted upon many a manly countenance who does not know there is an absolute remedy, an absolute and perfect cure, where hope and conscious, happy satisfaction reigns without a fear. The Keeley cure is no myth; it is no dream; but a most resplendent reality, a joy where sorrow was supreme—a heaven where hell was a certainty in all its hideousness—happy home where despair occupied the throne. The Christian religion does not cope with the salvation of the poor inebriate whose power of resistance has been shattered. Home and friends are made happy by the one months treatment with your splendid panacea.

Would to God that I could burn it into the hearts and souls of men who have become addicted, either from social, hereditary, or other causes, to the liquor habit, to enter, if only for a visit, the scenes of your sanitarium, and see for themselves the blessings you are bestowing upon stricken humanity that they might rise in their might, and with the strength and power you are daily and hourly giving out, seize the golden opportunity within the reach of all sufferers, and become brave, strong, useful and efficient workers in the great fields of industries and professions, that are growing and crowning this 20th century with such gorgeous wonderment to the world of mankind. God bless you and your splendid coterie of helpers in this great and noble cause for the redemption of fallen man.

ISAAC A. SUGG.

Greenville, N. C., Dec. 9, 1904.

CURRENT COMMENT.

—Mr. Bryan sounded the keynote in that speech but the chorus did not catch the pitch and are acordingly singing somewhat out of tune.—Durham Herald.

—It will be noticed that the loudest advocates of special tariff privileges are also the loudest in their denunciation of the American Federation of Labor's demand for what they declare to be "class legislation."—Col. Bryan's Commoner.

—Senator Daniel, of Virginia, declares that neither the people of this country nor the Democratic party will declare in favor of government ownership of railroads; and Mr. Bryan never had a stronger and better friend than the distinguished Virginian.—Savannah News.

—What Mr. Bryan has said about government ownership of railroads is not serious. It was advanced distinctly as a personal opinion, in which his party might not agree with him. Further, it was based upon a prediction that government regulation would not prove satisfactory; and Mr. Bryan himself would promptly admit that government regulation ought to have a fair trial—which takes time.—Norfolk Landmark.

—In the naval review at Oyster Bay there were only two battleships of the Spanish War period—the Iowa and Indiana. The eight years that have elapsed since these vessels, with the Oregon, were the pride of the American navy, have seen so great progress in naval building that some of the famous ships of the war with Spain are now in the obsolete class. The Louisiana, Rhode Island, New Jersey and Virginia outclass the Oregon, while the cruisers on review were much superior to those which aided in the victories of 1898—Utica Herald-Dispatch.

—The Republican administration bought for the Panama canal two American ships of 5,700 tons each for $1,300,000 when it was offered two foreign ships of 6,000 tons each for $750,000. The Republican administration awarded to the American Steel Company the contract for two dredges at $362,000 each when a foreign concern had offered to build these two dredges for $70,000 less. We are told that this was done by way of showing favor to American industry. But when the government finds it necessary to purchase an amount of silver for small coin, the Republican secretary of the treasury adopts unheard of methods in order to prevent silver, a great American commodity, from obtaining common advantages resulting from an increased demand.—Col Bryan's Commoner.

—But, having disclaimed the utterance of anything more than his private opinion, Mr. Bryan may be expected to abandon any attempt, assuming that he may have had something of the kind in contemplation, to have this private opinion on the railroad question crystallized as a campaign issue, in view of its manifest disapproval by the great body of the Democracy. There are issues in plenty without the distractions of public ownership of railroads—the tariff and the trusts are large problems which it is evident that the Republican party does not intend to try to solve. They will occupy all the time the people have to spare for politics during the next two years. On other questions, Mr. Bryan will find his party fully in acord with his views.—Rochester Herald.

—Colonel W. M. Cumming contributes an article to The Wilmington Star in protest of that staid old paper's stand against the proposed spelling reform. Major Bernard prints it gladly, of course, and it is probable that he made the colonel feel sorry that he had ever taken his pen in hand. The major makes out a good case. Among other things he says: "The time is far distant when a majority of the people of this country will adopt the new style of spelling in its entirety. Some of its innovations are abominable. 'Kist,' for 'kissed,' is all too short to properly define an osculatory performance, and it goes without saying that the women folk will never abandon the old and longer word." This particular evidence of popular disapproval ought to be forwarded to Mr. Roosevelt without delay. It is about the strongest argument that has been advanced.—Charlotte Chronicle.

TWINKLINGS.

She: "Is a telephone girl's occupation a profession or a business?" He: "Neither; it's a calling."—Floh.

"Why do you call your mare Charity?" "It's so hard to get her to go when I start away from home with her."—Chicago-Record Herald.

"Why have you and Harry ceased to be friends?" "He wanted to begin economizing the minute we became engaged."—Chicago Record-Herald.

"After all, what is the difference between 'shop girl' and saleslady?" "I don't know, but the differences between saleslades are sometimes fierce."—Philadelphia Public Ledger.

"Johnny: "I'll get even with ma for spankin' me." Tommy: "Aw, what'll you do?" Johnny: "One of these days I'll everlastin'ly whale her grandchildren."—Cleveland Leader.

"Why do you think all is not right between Mr. and Mrs. Flashington?" "They are so often seen together lately. It must be that they have some reason for trying to drown suspicion."—Chicago Record-Herald.

She: "I haven't seen you for an age, Herr Doctor, notwithstanding that we live only a few streets apart here in Berlin. I learned with so much regret that you've been ill this spring." Herr Doctor: "Who told you that?" "My brother wrote me from India."—Fliegened Blatter.

Mrs. de Fashen: "You don't mean you begin to doubt the Bible?" Miss de Fashen (examining her fall gown): "Well, ma, it is certainly hard to believe that Eve was compelled to wear clothes as a punishment."—Philadelphia edger.

Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed by all druggists. **

"To Cure a Felon"

says Sam Kendall, of Phillipsburg, Kan., "just cover it over with Bucklen's Arnica Salve and the Salve will do the rest." Quickest cure for Burns, Boils, Sores, Scalds, Wounds, Piles, Eczema, Salt Rheum, Chapped Hands, Sore Feet and Sore Eyes. Only 25c at all druggists.

SPIRITS TURPENTINE

—The contract has been awarded for the erection of a $12,000 domitory for Lenoir College.

—The merchants of Fayetteville say they already feel the beneficial effects of the new Raleigh & Southport Railroad.

—Rev. Sam P. Jones, of Cartersville, Ga., preached to an overflowing congregation last Sunday morning at Tryon Street M. E. Church, Charlotte.

—The installation of the block system on the Asheville division of the Southern Railway is progressing rapidly and will be completed by January 1st.

—The walls of the new cotton mill of the Victory Manufacturing Company, at Fayetteville, are rapidly going up and there will be no delay in construction.

—At Louisburg on Saturday night, a hack driven by Sterling Freeman ran over and, it is feared, fatally injured a little son of Mr. J. A. Cash. The driver was arrested.

—While carelessly handling a pistal at Paint Rock, near Asheville, on Saturday, Charles Dick Bayless, colored, shot and instantly killed Rid Williams, colored.

On Saturday Congressman Charles R. Thomas yesterday visited Fayetteville, which was in his former district, having been to Red Springs to enter his son at the military academy.

—W. T. Allen, of Lanesboro township, Anson county, just four weeks after his wife died, on Sunday married his dead wife's sister, Miss Lucy Billingsley. She is Mr. Allen's third wife.

—The Wake County Cotton Growers' Association on Saturday unanimously endorsed the recommendation of the Southern Cotton Association that cotton be held for a minimum price of 10 cents.

—The Bank of Fayetteville will probably be able to move into its new building before this month is out. It is an imposing structure of heavy stone front, of particularly solid and durable but ornate architecture.

—At Wilson on Saturday Judge Long sentenced John King, colored, to twenty-five years in the penitentiary. King was convicted of murder in the second degree for killing Charles Foster, colored, near Elm City last Spring.

—Today (Tuesday) Governor Glenn will go to Norfolk to meet with the North Carolina Commission on the Jamestown Exposition and the management of the great fair to determine the character of the North Carolina exhibit.

—The past week has surpassed all periods in the history of the LaGrange tobacco market. Over 300,000 pounds have been sold at good prices, even the poorest grades bringing encouraging figures. Some of the best grades sold at one dollar a pound. Though the yield was moderate the prices are most encouraging.

—Fayetteville on correspondence: The Southern Express Company will put an agent on the Raleigh & Southport Railroad at once, and the mail service will also soon be established. The road is much gratified with its opening business, trade being good and increasing, while there is every promise of good freights.

—The Wilson tobacco market the past week made wonderful sales of leaf tobacco, one and a quarter million pounds having been sold, at an average price of over nine cents. It is quite certain that the Wilson market will sell over four million pounds of the golden weed this month.

—Statesville Special, Sept. 9: The coming of Secretary Leslie M. Shaw will draw large crowds to Statesville Tuesday. His coming has been thoroughly advertised over the county and other nearby points. The address of the day will be delivered by Mr. Shaw in the opera house at 1 o clock.

Dunn special, 8: The Republican Senatorial convention the Fifteenth District convened here today at 12 o'clock. W. H. Sessoms, of Clinton, was made chairman. George E. Butler, of Sampson, and A. L. Barefoot, of Johnson, were nominated. It was expected that one of the two nominees would come from Harnett, but the committee decided in favor of Sampson.

—Raleigh correspondence Industrial News: Chief Justice Walter Clark, of the Supreme Court, is about the only State officer who endorses W. J. Bryan's railroad plank. Justice Clark declares that it is really the best feature of the whole New York speech. Asked in what way this could be brought about he said that one hundred year bonds could be issued to take over the railroads.

—Salisbury Special, Sept. 9: The doctors have been working hard this afternoon to save Ethel Harris, prominent in the unholy half acres of the city. She took, to-day about noon, two bichloride tablets and was preparing to swallow all that remained in the bottle when restrained by some one in the house. No cause for her attempt at self-destruction has been assigned. She is yet in a most dangerous condition.

—Salisbury special, Sept. 8: Final arrangements have been made for the visit of William Jennings Bryan to Salisbury on the 18th inst. Elaborate preparations are being made for his reception at which time more than 20,000 people will greet him. Mr. Bryan will arrive here at 3 P. M., and will spend about three hours in the city, making a speech from the public square. He will go from Salisbury to Concord and Charlotte.

Charlotte special, Sept. 8: At an early hour today Chief Irwin received a telegram from J. M. Benson, of Woodleaf, a station near Barber's Junction, asking that a man with bloodhounds be sent to that point. Chief Irwin communicated with Captain Lytle, of the convict camps, and he was rushed off on the train which left shortly before noon. No details of the trouble were given, but there was trong suspicion among the officers that there was more disturbance around the Lyerly home.

—At Raleigh on Saturday the Secretary of State chartered the Edgerton and Johnson Company, of Goldsboro. The purpose of organization are to engage in the timber business, deal in timber lands, manufacture lumber, build tram ways and roads and do a general merchandise business. The authorized capital stock of the company is $125,000, and business is commenced upon a paid in capital of $10,000. The incorporators are Messrs. G. W. Edgerton, J. W. Johnson, H. M. Malpass and F. C. Overman, all of Goldsboro.

—Salisbury special on Saturday: The city is taking advantage of the beautiful day and attending the semi-annual foot-washing of the Primitive Baptists at Piney, Davidson county. There is not a horse in town, two hundred livery and other teams having gone out to see the obsolete but sacred ceremony. It is estimated that there were three thousand visitors there, the frequency of the congregations for that purpose not diminishing the interest in them at all. There is always a spring washing of feet vut the fall observance seems to attract most people and this day has been up to most of its predecessors.

—Richmond (Va.) Special to Charlotte Observer, Sept 9: Miss Grace Clary, of Greensboro, N. C., created a distinct sensation at historic and fashionable St. Paul's church at the morning service to-day with her voice. Only the bare anouncement that the young woman would sing had been made and, as a consequence, the congregation present was large. Miss Clary made a most wonderful impression on all who heard her. She has a voice of remarkable range and capacity. Madame Reinecke Lloyd, a vocal teacher among fashionable people, says Miss Clary's voice is the finest she has ever heard. This is the first time that Miss Clary has ever sung in this city. Miss Clary did not sing at the night service, although many went with the expectation of again hearing her.

—High Point special, Sept. 8: At the inquest here this afternoon over the body of Pleas Oaks there was sufficient evidence to bind George Meeks, the slayer, over to court in the sum of $2,500, which he was unable to give. Early this morning, Pleas Oaks, 23 years of age, was killed by GeorgeMeeks, 35 years of age. The murder took place at the home of Meeks in the southern part of the city, and after the deed Meeks came to town and gave himself up to the officers. Eye witnesses give the following light on the murder: Oaks, a much heavier man than Meeks, came to the house of Meeks drunk and engaged in an altercation with the latter. Oaks jerked Meeks off his (Meeks) own porch. He was ordered away, when Oaks struck at Meeks with a black jack and shoved him inside the door. After ordering Oaks away three times Meeks shot him dead, just as Oaks was trying to brain Meeks with a black jack. Meeks' wife and Mr. Mike Morris, a boarder, were eye witnesses of the tragedy. On the body of Oaks is a pistol and a blackjack fastened to his wrist and run up his sleeve. It is learned that the real trouble which resulted in the murder was Oaks' efforts to put himself on too intimate a footing with Meeks' wife.

COMING OF COLE BROS.

Small Boy Happy in Anticipation of Big United Shows.

Flaming posters, in all the colors of the rainbow throughout this section, proclaim the fact that the world-famed Cole Brothers United Shows are to be seen at Hilton Park next Monday afternoon and night.

Already the small boy and his elders are happy in anticipating the coming of this mighty tented amusement enterprise and its countless wonders. For this season the Cole Brothers enlarged their shows in every department and their greatly augmented list of performers, feature acts and menagerie exhibits made it necessary to add several more railroad cars. Today three special trains are required to transport the huge tents, pondorous wagons, cages, dens, chariots, tableau, cars, elephants, horses, ponies, men and women.

In the triple zoological gardens, combined under one vast spread of canvas, are to be found the finest living specimens of rare, strange and curious animals from every quarter of the globe Prominent in this collection is a full grown yellow Ovibos Moschatus, positively the only ever seen by man. Captured north of Great Slave Lake at latitude 64, it was only by exercising the greatest diplomacy that Cole Brothers' agents were enabled to get the animal out of the country. Covered with a heavy coat of pure golden yellow hair, the beast was regarded as sacred by the natives, not one of whom could be induced to aid in its capture. There are other exhibits of animal life equally as rare, making a visit to Cole Brothers menageries of far greater educational value than will ever be gained by the deepest study of all the books at hand on the subject of natural history. Inside the vast canvas amphitheatre are three great rings and as many elevated stages encircled by a monster modern hippodrome track. Over-capping all is a vertiable maze of trapeze and horizontal bars, flying rings, ropes, wires and other aerial rigging. From the beginning to the end of the performance hundreds of men, women and animal performers cover the ground and fill the air in the rendition of a programme, the like and equal of which have never before been seen. There are forty-one clowns and merriment rules supreme.

REAL ESTATE TRANSFERS.

Deeds Which Appear From Record as Filed Yesterday.

It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other. **

AS TO WATERWORKS

(Continued from Page 1.)

was carried. The report of the Water Committee was then voted on again and was defeated. A motion by Mr. Johnson then prevailed that the City Clerk and Treasurer officially notify the company that it is not complying with its contract.

Chairman Johnson of the Water Commission then read the following report, which was received and ordered filed upon a ruling of the chair, viz:

To the Honorable Mayor and Board of Aldermen of the City of Wilmington, N. C.:

In accordance with your instructions, the Water Works Commission have made an offer of $70,000 to the Clarendon Water Works Co. in behalf of the city for their plant, this offer not including their standpipe or their filter plant. This offer has been declined. We attach letter from the company.

The Water Works Commission will now take such steps as will be necessary to carry out your instructions passed at a former meeting of the Board of Aldermen to take the necessary steps for the initiatory of a new water works system.

Respectfully submitted,
E. F. JOHNSON,
R. W. PRICE,
J. O. BROWN,
Committee.

Upon motion of Mr. Karr, second by Mr. Rathjen it was ordered that an invitation be extended to the Clarendon Water Works Company officials to from them as to the best way come before the Board and hear of mutually proceeding with these negotiations. Mr. Brown spoke heatedly on the motion saying that the best way out of this matter was the easiest. Mr. Karr's motion was carried by an aye and nay vote and the division of the vote could not be ascertained. Mr. Karr and Mr. Brown charged Mr. Johnson with knifing the company in the back and not giving them a square deal. Mr. Johnson replied in kind excoriating the company for its silent contempt and declaring that no Alderman could be elected next time who dared not hearken unto the cry that came up from the people for relief. The matter, however, will be in incubation until the next foregathering of the city solons.

LOCAL DOTS.

—Justice Bornemann yesterday officiated at the marriage of John Cummings and Minnie Merritt, a white couple, at the justice's office on Princess street.

—An expert cutter from the Hopkins Tailoring Company will be with Hamme, the Hatter and Clothier, Sept. 13 and 14, to take measures for Fall and Winter suits.

—During the absence of Mr. Will L. Miller, the interests of the Acme Tea Chest Company, the lighterage and towing of the tug Fawn will be in charge of Mr. Rufus Pridgen.

—"Farmer" Frank George, once one of the best police officers Wilmington had, was in yesterday from his Pender county place. He says that rains have knocked crop prospects in the head, but otherwise he is in good shape and is well pleased with his agricultural pursuits.

—Announcement is made of the forthcoming marriage to-morrow night of Miss Lucy I. Tyler, the attractive young daughter of Mr. Thad. F. Tyler, of this city, and Mr. John W. Brown, of Wilmington.

—Pursuant to the recommendation of the last grand jury, the County Commissioners are having a railing placed around the clerk's desk in the Superior Court room. The work is being done by Mr. K. W. Jewell and will be a great improvement.

—The friends of Major Chas M. Stedman are glad to hear that he has been selected to introduce Mr. Bryan to the vast audience that will greet the eloquent Nebraskan at Greensboro next Monday night. It may be safely predicted that Maj. Stedman will prove equal to the occasion.

—In Justice Bornemann's court yesterday Walter Troutman was found guilty of an assault on Harry Joseph, a Syrian, and was taxed with $5 and costs. It was shown that there was no serious injury and that no deadly weapon was used in the encounter which occurred on the night of Sept. 3, at Front and Dock streets.

To Wed This Month.

The following invitations have been received by friends: 'Mrs. M. Eliza Bland requests the pleasure of your presence at the marriage of her daughter Eunyce to Mr. William Robert McRacken on the afternoon of Wednesday the twenty-sixth of September, at three o'clock, 405 Walnut street, Wilmington, North Carolina."

Young ladies should be most particular about their looks. Don't attire yourself carelessly; be faultlessly dressed, and Holister's Rocky Mountain Tea will do the rest. Tea or Tablets, 35 cents.—J. Hicks Bunting Drug Company.

PERSONAL PARAGRAPHS.

—Messrs. Louis Belden and Clayton Smith left yesterday to enter the University.

—Graham Kenan, Esq., returned yesterday from a professional trip to Kenansville.

—Louis Goodman, Esq., has returned from a two weeks business and pleasure trip North.

—Misses Hazel Dushan and Lucile King went to Wallace yesterday morning to spend a week with friends.

—Mr. W. N. Royall and family left yesterday evening to spend some time at a number of the resorts North.

—Mr. Guy A. Cardwell, of the Atlantic Coast Line at Savannah, Ga., is in the city on a visit of a few days.

—Messrs. T. F. Wood, Earl Croswell and Adair McKoy, popular young Wilmingtonians, left last night to enter the University.

—Mr. and Mrs. R. E. Cox left yesterday afternoon for Louisville, Ky., to attend the W. J. Bryan reception in that city this week.

—Capt. and Mrs. H. H. Smith and daughter, Miss Maggie Smith, are in Charlotte the guests of friends and realtives.

—Mr and Mrs. Stephen Chadbourn, of Spartanburg, S. C., are in the city on a visit to relatives and friends at their old home.

—Miss Alice Swinson, of Magnolia, who has been the guest of realtives in the city, left yesterday to visit at Atkinson, N. C.

—Mr. and Mrs. Harry A. Cook have returned from their bridal trip and are at home to friends at No. 411 North Front street.

—Miss Edith Coulson, who has been on an extended visit to Mrs. B. R. Dunn at Wrightsville Beach, left yesterday for Birmingham, Ala.

—Mr. J. W. Norwood, the well known banker of Greenville, S. C., arrived Sunday to look after his extensive interests in this city.

—Col. John D. Taylor and family who have been spending some time very pleasantly in the mountains of Western North Carolina, returned home last evening.

—Mrs. H. M. Pemberton and children have returned from Greensboro, N. C., where they spent some time the guests of Mrs. Pemberton's sister, Mrs. A. M. Scales.

—Mr. E. Lilly, cotton buyer for Messrs. Alexander Sprunt & Son, left yesterday for Lumberton where he will represent the big exporting firm during the coming season.

—Misses Bessie Felton and Alice Peacock, accomplished milliners of Philadelphia, have arrived in the city and will be with the C. W. Polvogt Company during the coming season.

—Mr. John Slocum was called to Goldsboro again yesterday by a telegram announcing that his sister was very ill. She has appendicitis and expected to undergo an operation yesterday.

—Miss Jennie King, of the firm of Donnely & King, fashionable milliners, has returned from the North, accompanied by their trimmer, Miss Dolly, who was with the firm the past season.

—Mr. "Tom" Skipper, of New York, one of the old-time Star typos, is here on a visit to his old home after an absence of seventeen years. "Tom" retired from the printing business several years ago, and is now engaged in the tobacco trade in the big city and is doing well.

—Mr. and Mrs. Will L. Miller will leave this morning for an extended trip, spending some time in the mountains of Western North Carolina. They will be accompanied as far as Greensboro by their son, Mr. Will W. Miller, who will enter Oak Ridge Institute for the Fall and Winter session. During Mr. Miller's absence, Mr. Rufus Pridgen will have charge of the extensive interests of the Acme Tea Chest Co., the lighterage business and the tug Fawn of which Mr. Miller is managing owner.

—A permit was issued yesterday to George Kidder to build a one-story, frame, four-room dwelling at Front and Martin streets, same to cost $50[illegible]

SIMPLIFIED STOREKEEPING

What simplified spelling does to the King's English, simplified storekeeping does to merchandising. That's why we can, and do sell goods at priees that are more reasonabie than most others hereabouts. The expense making features are dropped. No fuss, or frills to increase the selling price.

But What We Want to Talk About Now is the New Fall and Winter Goods.

We only have space to hint at a few pieces of the new stuff.

Broad Cloth should be written in large letters this season, so says the Fashion World. Ask for 1003. That's the number. Beautiful stuff, 52 inches wide. Price $1.50 per yard. Colors: garnet, gray, tan, black, navy and cream.

Broad Cloth, 5o inches wide; price $1.oo per yard; black and colors. Chiffon quality, in black, 52 inches wide, price $1.75 per yard.

Wool Taffeta, swell thing this season, 44 inches wide, price $1.oo per yard. Colors: gray, navy blue and black.

Shadow Plaids, 44 inches wide, price 75c per yard. Colors: gray, blue and green mixtures. Others also at 50c per yard.

Cream Cheviot, 45 inches wide, price $1.oo per yard.

Cream Voile, 42 inches wide, price 98c per yard.

Cream and black and colors in Landsdown, 4o inches wide, $1.25.

Come Early to See the New Goods.

New Lot Kimona Outings Received Price 15c per yard. sept 9 tf

A LENGTHY SESSION

Continued From Page One.

company would meet any injunction that Mr. Hutaff might bring.

Herbert McClammy, Esq., spoke in behalf of Mr. Hutaff. He denied that it would cost $50,000 or $60,000 to condemn the railroad property and open the streets. While the property was owned by the Coast Line, the company had no right to lay these tracks in the city limits without the sanction of this Board; the railroad should pay something for a valuable franchise. He laid down the broad proposition that the ocupation of this territory to the exclusion of everybody else, would depreciate the value of every foot of land in the northeastern section of the city on whichever side of the road. Mr. Hutaff had not complained before because he had ingress to and egress from his property. When he saw that 56 tracks were to be laid between his place and the city, then he protested and not before.

Iredell Meares, Esq., said that he desired to be heard in behalf of Mr. Sweeney and Mr. Corbett, who had property situated similarly to that of Mr. Hutaff. He contended that a part of the town should not be blocked out as it was proposed.

City Attorney Marsden Bellamy, by request, gave a legal opinion on the matter. The streets, he said, had never been laid out; the property had been purchased before by the Atlantic Coast Line. The only way the city could open the street was by condemnation proceedings, as prescribed by law. It was for the Board to say whether it was expedient to condemn the property or not. The city would have to pay for the damage to the Coast Line's property to the amount set by a board of appraisers.

Alderman Johnson said a street could be opened across the MacRae property to Mr. Hutaff's place at a small cost and he favored giving a roadway across that way. It could be done at a very little cost.

Mr. Meares was heard at length in further advocacy of Mr. Hutaff's petition. He said the cost of condemnation could not be more than $800 or $1,000. Mr. Meares said it was a question whether or not the city would preserve its official plan or destroy it. Alderman King and others spoke. Mr. McClammy endeavored to elucidate the question for Mr. King, who came in late and had not familiarized himself fully with the con tentions of all sides. Mr. King tok the position that the city was not prepared to pay for streets under condemnation proceedings.

It was nearly 11 o'clock when the question was called on Mr. Price's motion to not allow the petition of Mr. Hutaff for an opening of Nixon street, from Ninth to Thirteenth. Alderman King asked to be excused from voting. The Mayor said he hoped every man would face the issue. Alderman Brown spoke of the dangers of the proposed opening of Nixon street and thought it was not practical to spend a lot of money on this crossing when it would not be availayle even after if was opened.

The motion was then put and it was unanimously carried not to grant the petition of Mr. Hutaff.

Alderman Rathjen made a motion to give Mr. Hutaff a roadway to his property. Mr. Johnson as a substitute made a motion, seconded by Mr. Price, and carried, that the Streets and Wharves Committee go over the situation there and report at the next meeting a feasible plan of giving Mr. Hutaff a roadway to his place. This will be done by the next meeting.

A report was read from the Fire Commission approving the application of the Consolidated Company for the building of an additional gas reservoir on Surry near Queen street. A petition was read from Jno. M. Branch and other citizens, objecting to the tank on the grounds of danger by fire and danger to health on account of stagnant water contained therein. Mr. Branch was heard in respect to the matter; also General Manager Skelding, of the company, who stated that they had spent about $40,000 in the improvement of the gas plant and desired now to erect a holder at a cost of $25,000 to take care of the output of the works. Mr. Skelding stated that there would be no danger of fire and the holder would be perfectly sanitary. Alderman Karr said he was brought up in the gas house district of New York and he never heard of an accident, nor sickness resulting from the tanks. The application was granted provided the same be built under the direction of the Building Inspector.

R. A. Montgomery asked permission to be allowed to place an oil tank on the sidewalk in front of his place of business at Eighth and Princess streets. It was granted upon explanation by Alderman Johnson.

The Naval Reserves, upon recommendation of Chairman Moore, of the Public Building Committee, were granted the use of the old police headquarters in the basement of the City Hall building as an armory. Lieut. Chase and Messrs. J. M. Murphy and H. C. Howard were before the Board in behalf of the Division, which will fit up handsome quarters in the basement of the building

Private meat market license was renewed to R. A. Montgomery and the Palace Market.

Action with reference to the water works is told of elsewhere in today's paper. The Board adjourned at a quarter to 12 o'clock, midnight.

James W. Oliver, ... D., a leading physician of Drapersville, Va:

I have used the Chloride Calcium Water in a case of Scrofulous Ulceration o fthe leg, Eczema, and an obstinate case of Chronic Malarial Poisoning (after having used various medical agents without much permanent benefit), with good effect. I think it a valuable remedial agent in Scrofula in all of its forms, Malarial affections, Eczema, Dyspepsia, Septicaemia, and the entire class of diseases in which a depurative is indicated. The n properly it acts on the glandlas system as a gentle tonic aperient, and slightly diuretic. 9 11 1t

JANE KENNARK TO-NIGHT.

"Toast of the Town," Viola Allen's Success—Human Hearts.

Jane Kennark is announced to appear at the Academy to-night in "The Toast of the Town," Viola Allen's success last season, by Clyde Fitch. It is said Miss Kennark has been surrounded by a well balanced company including Carl Anthony, who will play opposite her characterization of Betty Singleton. Before beginning his theatrical work, Mr. Anthony was engaged in the newspaper business, being a member of the New York Dramatic Mirror for several years. Soon after leaving the newspaper field he wrote and produced "In the Valley of the Genesee," which proved a success. In the season of 1901-02 he orignated the title role in "The Village Parson" having been associated with Creston Clarke in Shakespearean repertoire previous to that time. At times he has been engaged in stock work. For three seasons he was with Bertha Galland in Dorothy Vernon of Hadden Hall" and originated the character role of the President of the United States in "On Satan's Mount." He was later understudy to Loraine in "Man and Superman" and was with Otis Skinner in "The Duel."

He has been associated with the following stars: Fay Davis, Bertha Galland, Clara Bloodgood, Otis Skinner, Robert Loraine, Creston Clarke and Orin Johnson. He is an actor of considerable versatility and has made a hit as the Duke of Malmsbury in "The Toast of the Town." Seats are now on sale.

The powerful and impressive melodrama "Human Hearts," presented by an exceptionally strong company of players, will be offered for the approval of the lovers of all that is clean and wholesome in melodrama on the stage, at the Academy Thursday.

"Human Hearts" has been firmly established as one of the most original and interesting of modern dramas. The author has long been famous as a play-wright, but in the present instance, he has surpassed all his former efforts.

SHORT-LEAF PINE.

Ruled Out in Northern and Eeastern Cities, It is Said.

Local lumber mill men will be interested in a dispatch sent out from Macon, Ga., as follows:

"A number of lumber men in this city to-day in conference declared that the ruling out of short-leaf pine lumber in Northern and Eastern cities has caused millions of feet of lumber to be piled in those cities, unsaleable even at $3 to $5 per thousand feet under regular prices. As a consequence, at least, 1,000 mills in Georgia, Alabama and Florida are affected, many of which will close, unless there is a revocation of the ruling. It is believed here that the drastic measure is in the interest of spruce pine manufacturers."

At Marblehead, Mass., yesterday the Vim won yesterday's race and Comodore T. L. Park, of the American Yacht Club of New York, becomes the owner of the Roosevelt Cup, presented by the Eastern Yacht Club for the international contest between the German and American yachts. The Vim finished the race at 5:34:20 in a dense fog. The American boat Auk was second and the German yacht Wannssee was last.

The Breath of Life.

It is a significant fact that the strongest animal of its size, the gorilla, also has the strongest lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average, 10 pr. ct
Discount for cash (we pay cash), average 10 pr. ct
Savings of freight on car shipment, average 5 pr. ct
Total, 25 pr. ct

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

CANNOT AGREE WITH MR. BRYAN

Senators Daniel and Bailey Both Unalterably Opposed to Nebraskan's View About Government and State Ownership.

(New York World.)

John W. Daniel, of Virginia, is the first of the Southern Senators to part company publicly with Mr. Bryan on the issue of government ownership and operation of railroads.

Senator Bailey, of Texas, is known to agree with his colleague from Virginia. It may be taken for granted that Senator Culbertson, of Texas, is in accord with Senator Bailey on this issue.

The two Senators from Alabama—Mr. Morgan and Mr. Pettus—refused to vote for the rate bill on account of its centralizing tendencies. If they regarded rate legislation as unsafe centralization, there can be no doubt as to their attitude toward Mr. Bryan's newest fad. John Sharp Williams, of Mississippi, the leader of the Democratic minority in the House, refused to attend the Madison Square meeting because he knew that Mr. Bryan intended to advocate government ownership and operation of railroads. The Southern Democrats who came to New York to welcome Mr. Bryan were practically a unit in urging him not to commit himself and his party to this issue of State socialism. So far as known, no Southern national leader of influence and reputation is wholly in sympathy with Mr. Bryan's revolutionary policy, and it now seems certain that the Southern Democrats will present practically a solid front against it.

Bailey's Views.

Washington, D. C., Sept. 8.—Senator Bailey arrived here today. He will make public tomorrow a statement setting forth his views with regard to the governmet ownership of railroads. It is no secret here that the Texas Senator intends to reply to the New York speech of Mr. Bryan and that he will open the campaign against ownership of railroads by the government, which promises to occupy a prominent place in the eyes of the public for the next few years. Senator Bailey has carefully prepared the statement he will make public It is awaited with much interest in the political world. Senator Bailey will be unable to deliver a campaign speech in North Carolina, as he had hoped. There are so many demands for his time that he had to revise his speaking engagements.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Wilmington Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick idneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Wilmington proof:

R. A. Biddle, clerk at 19 Market street, residing at 606 Castle st., says: "I used Doan's Kidney Pills myself for kidney trouble and my wife who also suffered from backache also used them. I never knew anything to act so quickly. I have suffered quite a long time with my back and kidneys. The kidney secretions were very dark and full of sediment. My wife also complained of her back, and when we read of Doan's Kidney Pills in our newspapers I went to R. R. Bellamy's drug store and got a box. We used them with the best of results. In my case the kidney secretions cleared up and the pains left my back. We have neither of us complained since taking Doan's Kidney Pills, and it is with pleasure that I recommend them at every opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. **

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

If you have lost anything advertise for it in the Morning Star.

ORDER STIRS RALEIGH SCHOOLS

New Ruling of State Supreintendent Joyner Placing Schools More Under State Supervision Will Cause Change in Books.

(Raleigh News and Observer, Sept. 9.)

The order of Superintendent of Public Instruction Joyner issued some time ago to the city schools calling the attention of the superintendents to the fact that they must follow the law and adopt the books named by the board of education for the use of the public schools. will work ultimately almost an entire change in the books used in the schools of the principal towns and cities of the State. With the exception of the city of Charlotte, which has a special act for the government of its schools, nearly every city school in the State has been a law to itself so far as the books in use is concerned. The law has been generally overlooked and the order of the Superintendent fell like a bomb in the camp of the city school men.

At a recent meeting of the Raleigh school board the order came up for consideration and a resolution was passed to the effect that the Raleigh schools would act in compliance therewith. Heretofore in this city the books have been selected by the superintendent acting in conjunction with the school board. Now they must be chosen as they have been selected by the board of education.

It is understood, however, that the change will not be the burden which would at first appear to have been put on patrons by a wholesale change. The books will be gradually adopted, so as not to work unnecessary hardship or create confusion. Then, also, under the school book law the terms as to exchange of old books for new are very liberal and operate to minimize the expenses of making the changes and buying new books.

As stated, the Raleigh schools will cheerfully follow the order.but it is not unlikely that at the approaching Legislature the attention which has been called to the matter will result in other special acts setting apart the schools in various cities from the operation of the general law, as is the case in Charlotte.

HIDES—Dry salted, 14 to 15; green 10c per pound.

THE COTTON MARKET.

New York, Sept. 10.—The cotton market was active and somewhat excited during today's session as a result of the government's September condition report and the first reports of the census bureau for the season. Prices advanced quite sharply on the condition of 77.3 per cent. against 72.1 per cent. last year and 84.1 per cent two years ago, but later lost part of the gain with the close steady at a net advance of 9 to 14 points. Sales were estimated at 500 000 bales.

The market opened steady at a decline of 2 to 5 points on lower cables and favorable weather reports. Fluctuations were nervous and irregular during the morning and the market practically unchanged. The condition figures were lower by about one point than had been generally looked for and folowing their publication the market advance to 9.04 for October, 9.28 for December and 9.36 for January,or about 20 to 22 points net higher. The census report issued an hour later showed 403,209 bales ginned to September 1, against 476,685 at the same date last year and 374,821 two years ago, and these figures proving a little heavier than some had looked for, the market turned easier during the later trading under heavy selling by local bears with the close well off from the top. The South, Liverpool and Wall Street were buyers on the condition report which is being made the basis for crop estimates ranging all the way from 12,000,000 to 13,250,000 bales of local authorities.

Receipts at the ports today 22,384 balesk against 10,800 last week and 37,101 last year. For the week 110,000 bales against 72,746 last week and 213,630 last year. Today's receipts at New Orleans 3,438 bales against 2,586 last year and at Houston 11.672 bales against 13,571 last year.

COTTON—Spot closed quiet; middling uplands 9.80; middling gulf 10.05; sales 100.

Futures closed steady. Prices follow:

Month	Open.	Close.

DRY GOODS MARKET.

New York, Sept. 10.—The drygoods market opened steady today. The supply of many lines of bleached goods, ginghams, washgoods and other cottons was limited and buyers were troubled by delayed deliveries. Linens, burlaps and silks were affected by high values in the raw markets. A demand approaching a craze exists for plaids and all kinds of fabrics. Cotton yarns are firmer.

Traction Bonds

Liberal Franchises. Large population served. Recognized competitors of Steam Road. Substantial return.

How to Open a Book.

Hold the book with its back on a smooth or covered table, let the front board down, then the other, holding the leaves in one hand while you open a few leaves at the back, then a few at the front, and so on, alternately opening back and front, gently pressing open the sections till you reach the center of the volume. Do this two or three times, and you will obtain the best results, says Modern Bookbinding. Open the volume violently or carelessly in any one place, and you will likely break the back and cause a start in the leaves. Never force the back of the book.

Poor, but Polite.

"Want some money, do ye?" said the kind old lady. "Now, I wonder ef ye deserve it. What would you do with a penny ef I gev it to ye?"

"Lady," replied the polite beggar, "yer kindness would touch me so dat I'd buy a postal card wid de money an' write yer a note o' thanks."—Catholic Standard and Times.

His Scenery.

Comedian—So our manager has been sick. What did the doctor say? Soubrette—Said he needed a change of scenery. Comedian—H'm! The doctor must have seen the show.—Philadelphia Record.

He Was Sincere.

Friend—What did he say to you when he proposed to you? Miss Rox—He said life without me meant nothing. Friend—He was sincere in that. That's just what his possessions amount to.

Ethel Gotrox—Oh, Vladimir, they say you are a fortune hunter and are only marrying me for my wealth. Tell me it is not true.

Lord Dedbroke—Why, my dearest, I would marry you if you were penniless.

Ethel Gotrox — Prove this, my own Vladimir, and I shall be absolutely happy.

Lord Dedbroke—Settle the whole of your vast fortune upon me, leave yourself destitute, and I will wed you in the face of the whole world!

STATE OF MAINE IS REPUBLICAN

Democrats Came Within Ace of Carrying State After Hot Campaign.

CLOSE CALL FOR GOVERNOR

Cobb Carried State by Only 8,000 Plurality, Smallest Republican Vote Ever Cast—Democratic Vote Biggest in History.

(By Wire to The Morning Star.)

Portland, Me., Sept. 10.—Governor William T. Cobb, of Rockland, Republican, standing on a platform devoted almost exclusively to a continuance of the prohibit ry law of the State, was re-elected today by a plurality of less than 8,000, with but few exceptions the smallest margin of votes ever given a Republican Governor in the State of Maine.

Cyrus W. Davis, of Waterville, the Democratic candidate for Governor, polled one of the largest votes in the history of the party in this State. His issue in the campaign was the re-submission of the liquor question, which was adopted in the State legislature four years ago.

More interesting f on a certain standpoint was the re-election of Congressman Charles E. Littlefield, Republican, of the Second District, by a greatly reduced plurality. Congressman Littlefield's candidacy was the subject of bitter opposition on the part of Samuel Gompers, president of the American Federation of Labor, who asked for his defeat on the grounds that he had voted against certain labor measures at the last sessession of Congress. The issue between Gompers and Littlefield was taken up by the Republican Congressional Committee and for three weeks the district has been the scene of a hard fight in which Secretary of State William H. Taft, Senator Lodge and Senator Beveridge and Several Congressmen were pitted against the head of the Federation of Labor.

Mr. Littlefield's plurality was estimated tonight at about 10,000. Congressman Edwin C. Burleigh, of Augusta, Republican, was re-elected in the Third District by an estimated plurality of 2,000 and Congressman Llewellyn Powers, of Houlton, Republican, by a plurality estimated at 2,000. The re-election of Congressman Amos L. Allen, of Alfred, in the First District, is claimed by the Republican leaders.

The legislature will be Republican by a safe margin.

CONDITION OF COTTON CROP.

Considerai Deterioration in Last 30 Days.

Washington, September 10.—A bulletin issued today by the Census Bureau places the cotton ginned in the United States up to September 1, 1906, at 403,209 bales, counting round bales as half bales. Up to the same time last year 476,655 bales had been ginned.

The amount ginned during the present year in the various States was as follows: Alabama, 25,205; Arkansas 443; Florida 1,898; Georgia, 24.556; Indian Territory 9; Louisiana 13,902; Mississippi 9,547; North Carolina 41; Oklahoma 3; South Carolina 3,144; Tennessee 3 Texas 324,458.

The report shows that in all the States there were 6,492 ginneries in operation this year as against 8.629 in 1905.

Washington, Sept. 10.—The crop reporting board of the Bureau of Agriculture finds from the reports of the correspondents and agents of the bureau that the average condition of cotton on August 25 was 77.3 as compared with 82.9 on July 25 1906, 72.1 on August 25, 1905, 84.1 on August 25, 1904 and a ten-year average of 73.2.

The table by States shows the condition of the cotton crop in North Carolina to be 71 in July, 75 in August, 76 in August, 1905, and ten year average 78.

This report is made in conformity with the act of Congress requiring condition reports of the cotton crop by this bureau to be issued on the same dates as the first ginners' reports by the Bureau of Census in the month in which both classes of reports are issued.

LYNCHING IN GEORGIA.

Another Negro Put to Death for Usual Crime.

(By Wire to The Morning Star.)

Culloden, Ga., Sept. 10.—Charles Miller, a negro, 20 years old, was arrested her charged with an attempted assault on the 12-year-old daughter of a prominent farmer living here. He was started to Forsyth in charge of an officer. When six miles from here he was overtaken by a crowd of determined men who demanded the prisoner. The officer resisted but was overpowered. The negro was taken away and in a short time about one hundred shots were heard. His body was found in an old well. He was riddled with bullets. His neck was broken by the fall.

AWFUL SLAUGHTER IN POLISH CITY

Troops Take Revenge on Terrorists and Jews for Killing Soldiers.

TERRIBLE WORK OF CANNON

Hundreds of People Killed on Saturday and Additional Hundreds Slaughtered on Sunday and Yesterday.

(By Wire to The Morning Star.)

Siedlce, Russian Poland, September 10.—A massacre of police and soldiers began at 8 o'clock Saturday night. Immediatelyafterwards the troops attacked the Jews. All that day the soldiers have attacked civilians, Christians or Jews, murdering them without discrimination. Hundreds of persons were killed or wounded. Three streets were devastated. It is reported that drunken reservists statred the massacre. Troops have surrounded the city and refuse access to it.

Terrorists Kill Soldiers.

Warsaw, September 10.—Terrorists Saturday evening shot and killed two soldiers guarding a government alcohol store at Siedlce. A detachment of infantry rushed up and fired a volley into the crowd, killing two persons and wounding two.

This morning the Terrorists retaliated by beginning a massacre of policemen and soldiers patrolling the street, and at noon the infuriated troops attacked the Jewish quarters of Siedlce, destroying the houses and shops. It is reported that over one hundred persons were killed or wounded, and that the town is in flames.

A regiment of infantry has been sent from Delia to Seidlce to restore order The Jews here are panic stricken.

Warsaw, September 10.—A telegram received here from Seidlce this morning says that the rioting and shooting there continues. The revolutionists are firing at the soldiers from windows, and the troops reply with volleys. The Libau infantry took the principal part in the massacre. Some passengers on a through train were hit by stray shots on Sunday. The loot offered for sale by the soldiers consists principally of jewelry and clothing.

This morning Governor-General Skallon telegraphed for permission to use artillery. Four batteries then opened fire down Pienkna, Warsaw and Allene streets, which were inhabited by thousands of Jews. The destruction was horrible. As a result of the general slaughter, it is estimated that fully 200 Jews have been killed and 1,000 wounded. There are 3,000 prisoners in custody, a great many of whom are wounded. Not a soldier was killed.

A delegation of citizens asked the Governor to order the troops to cease firing, but the Governor replied that the citizens must deliver up their leaders and the revolutionists or otherwise the city would be bombarded.

The authorities assert that 150 Terrorists had arrived from Warsaw and that they must be arrested before any of the inhabitants will be permitted to leave the city.

I is reported that 200 persons, most of them Jews, were killed, many in their flats.

The scenes yesterday and today were of unspeakable horror. Everywhere there were screams and cries mingled with the sound of shooting.

Soldiers today invaded the restaurant of the Victoria Hotel and destroyed and carried off the wines and liquors.

WARM WIRELETS.

Secretary of the Treasuhry Shaw spoke to an immense gathering of Republicans at Winston-Salem, N. C., yesterday, and again at Salisbury last night. At Winston-Salem he arraigned the Democratic party, declaring that it had no platform and sood for nothing. He will speak today at Statesville. and on Wednesday at Asheville.

For fear that he would be lynched, John Smith,a negro, was taken to Norfolk yesterday by the sheriff of Princess Anne county for safe keeping in the local jail Smith, who was out on bail following a hung jury in which he was charged with assault on the wife of Henry Owens, negro, is now charged with having attempted assault on a Mrs. Leggett, near Nimos, in Princess Anne county, Saturday night.

Washington, September 10.—It is stated at the Department of Justice that the suits brought in Trenton against the Utah Fuel Company by the Attorney General, involve the recovery of about 30,000 acres of lands in the State of Utah. Among the allegations charged in the bill filed by the Department is one that the fuel company employed a large number of people, some of them already in its employ, to take up lands in the State on their account and transfer them to the company, the expense of the transfer, etc., bein, borne by the company. It is also alleged that most of the lands were taken up as agricultural lands when in fact they were coal lands.

STAEE RECEPTION FOR THE BRYANS

Distinguished Nebraskan to Be Honored at Capital of South Carolina.

CHAMBER COMMERCE PLANS

Democrats From Every County in Palmetto State to Participate—Mr. Bryan Will Go From Columbia to Georgia.

(By Wire to The Morning Star.)

Columbia, S. C., Sept. 10.—The reception to Mr. and Mrs. William J. Bryan assumed definite shape today when the executive committee of the Chamber of Commerce and a committee from city council met at the office of President W A. Clark, to consider and map out the arrangements.

As Mr. Bryan's present plans allow him but one day between his engagements in North Carolina and Georgia, the suggestion to have a State reception so that citizens from all over the State may have an opportunity to gather at the capital to greet Mr. Bryan, was heartily endorsed.

It was decided to appoint a general reception committee headed by Goverumbia State, is chairman.

composed of prominent citizens from each county in the State to be named by the invitation committee of which Mr. W. E.Gonzales, editor of the Columbia State is chairman.

A telegram was received tonight in which it was stated that Mr. Bryan would leave Columbia for Augusta or Atlanta and thence go to Alabama.

Trenton, N. J., Sept. 10.—Announcement is made here today that Attorney General has brought suit in the Federal court here to recover possession of lands in Utah now held by the Utah Fuel Company, alleging that representtaives of the company induced agents to apply to the government for grants which were turned overd for grants which on the day after their receipt were turned over to the Utah Fuel Company. The Attorney General charges that this was fraudulent and demands the return of the lands.

A FAIR TRIAL.

A dealer who carries Dixon's Graphite Axle Grease in stock decided to make a test for himself. He greased the left wheels of a large wagon with the Dixin Axle Grease and the rig ht wheels with another grease. At the same time he instructed his driver to examine both wheels from time to time and report, but under no circumstance to put on any more Graphite Axle Grease as long as the Axle was black and shiny, showing the graphite coating.

The driver reported that after he had greased the right wheels four times with the other grease, the left wheels were still running all right and needed no attention.

Samples may be obtained by addressing the Joseph Dixon Crucible Co., Jersey City, N. J.
